

## Our Office Locations

### General Patient Instructions...

#### When scheduling appointments:

Be sure to have information available regarding:

- Your physician's order (prescription)
- Insurance information
- Medical history

#### Upon arrival please bring:

- A copy of your physician's order (prescription)
- Insurance card
- A photo ID

Plan to arrive 30 minutes prior to your appointment time.

#### Exam Preparation:

- All patients receiving IV or oral contrast should have nothing to eat or drink for at least 4 hours prior to the exam.
- If you are diabetic or have kidney problems and will be having a CT or MRI that requires IV contrast, please notify the staff at FRC. You may need to have additional blood work prior to your test.
- Patients having a Nuclear Medicine scan will receive the prep prior to the appointment from a staff member of FRC, if you do not receive a confirmation phone call, please contact FRC.
